STUDENT LEARNING OUTCOMES ASSESSMENT MATRIX

PROGRAM OR SCHOOL		
Assessment Coordinator	Name:	Email:
for Program or School		
Program or School		
Mission Statement		
Program or School		
Goals		

Learning Outcomes	Assessment Mthods				Standards of Comparison	To be completed after each assessment			
							Interpretation of Results	Use of Results/Action Plan	
What will students know and be able to do when they graduate?	What data source will be used to measure this learning outcome?	How will the data source be assessed?	What group/subgroup of students will be assessed?	Who will do the assessment?	When will the assessment be conducted? (Year 1, 2, or 3 of assessment cycle)	How well should students be able to do on the assessment?	What do the data show?	Who reviewed the finding?	What changes were made after reviewing the findings?
